ignoring these they acknowledge and address them

Quoting and Responding to Existing Narratives

Understanding existing narratives is crucial. For example, a copywriter targeting environmentally conscious consumers wouldn't simply assert the benefits of sustainable products. Instead, they'd acknowledge the prevailing arguments against them: it's too expensive, it doesn't perform as well, and then offer counterarguments, evidence, and compelling solutions. This acknowledges the "they say" portion and builds a stronger case for their "I say."

Framing Arguments for Maximum Impact

Understanding rhetorical strategies from "They Say/I Say" allows you to tailor your message effectively. Knowing how to introduce a counterargument, present a concession, or utilize a strong conclusion/concepts central to the text allows you to address the reader's reservations proactively, building trust and acceptance for your brand or product.

Beyond the Surface: Deepening Your Copywriting Arsenal

This book isn't just about academic debates; it's about understanding the core principles of persuasive discourse. These principles are readily transferable to copywriting, equipping you with tools for:

- Framing the Problem:** Identifying the pain points your audience experiences and showing how your product or service provides the solution.
- Building a Solid Foundation:** Leveraging evidence, data, and testimonials to support your claims and build credibility.
- Anticipating Objections:** Acknowledging and addressing potential concerns, turning potential objections into opportunities to showcase your product's strengths.
- Creating a Compelling Call to Action:** Crafting a compelling message that motivates the reader to take the desired action.

Applying "They Say/I Say" in Practice: Examples

Imagine creating an ad for a new fitness tracker. Instead of just stating that it's the best 5 tracker on the market, you'd acknowledge the competition, the price point, and the possible concerns about tracking habits. You'd then introduce evidence from independent studies demonstrating the tracker's effectiveness, offer testimonials from satisfied users, and clearly state how it solves specific health goals, arguing against the counternarrative that it's a gimmick.

Demonstrating Impact

A 2018 study by Nielsen showed that 92% of consumers trust recommendations from friends and family more than advertising. By demonstrating how your copywriting acknowledges and responds to existing consumer attitudes, you elevate trust and create a stronger connection, just as "They Say/I Say" guides you to a more effective argumentative structure.

Conclusion: Embark on Your Copywriting Journey

"They Say/I Say" provides the roadmap for creating impactful persuasive copy. By understanding the fundamental principles of dialogue and response, you craft messages that resonate with your audience, fostering a stronger connection with your brand. It's not just about words; it's about understanding the unspoken conversation happening in the minds of your readers.

Call to Action: Start applying the principles of "They Say/I Say" in your copywriting.

Analyze existing copy, identify the "they say" and the "I say," and see how crafting a response to preexisting opinions will elevate your pieces.
